Just spread heated hash between halves of corn bread squares and top each serving with a sauce of piping hot cream style corn. America's Junior Miss—1966

A Winter's tale always begins briskly—with holiday fun and frolic, presents and parties, skating and skiing. And then it fizzles along somewhere in February and there's little in the offing except school exams and more chilling winds and rain. What's more, when you feel too cold—you don't look so hot.

If your skin is beginning to look a little pinched (marvelous old-fashioned word!) try slathering on gobs of soft whipped cream skin preparations. If your lips are chappy, invest in one of the protective lip glosses when you go outdoors. Probably your biggest cold-weather beauty dilemma will be your not-so-glorious crown. Winter can damage the hair; it gets scraggly and separates; it fails to hold a curl; and it seems that all the washing in the world simply can't bring that "bounce" back.

This is the time to give your hair a boost. And the best way to extend the length of a set is with Breckset Style Setting Lotion which comes in two formulas, regular and extra hold. Packaged in an unbreakable "squeeze" bottle (no butterfinger accidents in the bathroom), this lotion prepared by Beautiful Hair Breck can be applied to either just-washed tresses or dry hair. It's marvelous not only for setting purposes—but aids in styling the comb-out since it makes your winter locks very manageable.

You can easily pull yourself out of the Winter's tail-end doldrums with a little effort. Make the best of the season—and you'll look your best for it. And mind old Percy Bysshe Shelley who put the whole thing in this optimistic nutshell: "If Winter comes, can Spring be far behind?"

VFW Post 1632 And Auxiliary Plan May Buddy Poppy Drive

The 1967 Veterans of Foreign Wars Buddy Poppy Girl is little Mary Alice White, who lives with her four brothers at the V.F.W. National Home in Eaton Rapids, Michigan. She is 10 years old and in grade 5 in Eaton Rapids. She reads a great deal and is especially interested in drawing, painting and art work.

Her father, Floyd R. White,

In announcing her appointment as Buddy Poppy Girl for 1967, Commander Raymond Negrucci of the local V.F.W. pointed out that Mary Alice and the 200 other orphans of veterans at the National Home symbolize the spirit shown by the V.F.W. over a long period of years in meeting our obligations to our less fortunate Comrades and their dependents.

Comdr. Negrucci pointed out that members of the V.F.W. and its Ladies Auxiliary have recorded an amazing record of service to the families of men who have served our Nation on battlefields. Much of this service has been made possible by our annual sale of V.F.W. Poppies.

Appointed chairman of the Buddy Poppy Drive, James Ford said, "I hope our citizens will respond generously, when our V.F.W. and Auxiliary members ask them to contribute and wear a Buddy Poppy." Members are now making plans to distribute Buddy Poppies on the streets of Agawam prior to Memorial Day. Poppies are assembled by needy and disabled servicemen in Veterans Administration Homes and Hospitals. These veterans receive a small wage for their labor. The funds received may be expended ONLY for the relief and welfare of needy and disabled veterans. When asked—WILL YOU GIVE?".

The Agawam High School band will host the Rockland, Mass., High School band April 28, 29, and 30 in the second half of the exchange concert series. The concert, which is open to the public, will be held on Saturday night, April 29, at Agawam High School auditorium at 8 p.m. The admission charge is 75 cents and children accompanied by parents will be admitted at no charge.

The Rockland Band will arrive Friday afternoon, April 28, and rehearsals for the Saturday concert will begin Friday evening. A full week-end is planned for the guest musicians, who will be housed in the homes of Agawam

Much good will is generated from these exchanges. The students from both high schools gain interests outside their own schools and receive an education that goes beyond the musical training. Lasting friendships are made, and along with the deepening of music appreciation there is a general cultural and educational experience.

Special half-price arrangements are being made for Golden-Agers to attend the performance on Saturday, April 29 at Agawam High School.

Do you know what gives this room a built-in look?

When clean-up, fix-up and paint-up time arrives in the home, the children's bedroom usually is the first that needs attention. SOCIAL SECURITY Questions and Answers

U.S. DEPARTMENT OF
HEALTH, EDUCATION, AND WELFARE
SOCIAL SECURITY ADMINISTRATION
BOSTON

Q. I am being treated at home for a chronic condition and must take certain drugs which the doctor has prescribed. Are these drugs covered by medical insurance?

A. Only drugs and injections which are administered by a physician and cannot be self-administered are covered by medicare. For example, a tetanus injection administered by a doctor or his nurse following an injury would be covered, but not prescription drugs which you administer yourself.

Q. I recently broke my hip and had to use a wheelchair for three months until I was able to walk again. Does medical insurance cover the cost of renting the wheelchair, and, if so, how long?

A. Medical insurance will cover the cost of renting the wheelchair for as long as your doctor deems it necessary. Most services and supplies in connection with a doctor's diagnosis or treatment such as diagnostic tests, X-ray and radiation therapy, surgical dressings, casts and splints, artificial limbs, and rental of durable medical equipment (hospital beds, oxygen tents, etc.) are covered by medical insurance.

Q. Must I pay my medical bills in full and then claim reimbursement?

ment from medicare or is there some alternative for payment for services provided?

A. There are two methods of handling payment for services and the choice is made by you and your doctor. You may pay the bills presented to you and then be reimbursed for 80 percent of the reasonable charge after submitting the request for payment form with an itemized receipt bill to the proper medicare carrier. Under the second method the physician may request payment be made directly to him, in which case he accepts as full payment the reasonable charge as determined by the carrier and charges the patient no more than 20 percent of this reasonable charge.

Q. I am already 65 and plan to retire at the end of June next year, but I would like to continue working part time making about \$225 a month. I figure the last six months of the year at \$225 per month will give me total earnings of \$1,350. Since this will be below \$1,500 per year, can I collect all my social security benefits for the six-month period?

A. Your earnings for the entire year—not just for the last six months must be counted in determining how much of your social security benefits can be paid to you. The \$1,350 you expect to earn in the last six months of the year when added to your earnings for January-June may be so high that no benefits will be payable to you for the year. If, however, there turn out to be any months of the year in which you earn wages of \$125 or less, you can collect your benefits for those months regardless of the

total amount of your earnings. This is an exception to the general rule which recognizes that many people who may have been earning substantial wages do retire in the middle of the year and enables them to collect their benefits for months in which they are actually retired.

Scherpa Completes Basic Training

CAPE MAY, N.J. (FHTNC)—Seaman Apprentice Louis V. Scherpa, Jr., USCGR, son of Mr. and Mrs. Louis V. Scherpa of 6 Althea Circle, Agawam, has graduated from eight weeks of basic training at the Coast Guard Recruit Training Center here.

Guided by experience Coast Guard senior petty officers during

his training, he studied the fundamentals of such military and naval subjects as seamanship, infantry drill, shipboard procedures, and at-sea survival techniques. The basics of military customs and courtesies, and familiarization with the Coast Guard's mission and responsibilities polished the skills he needed to make the transition from civilian to Coast Guardsman.

The Coast Guard is part of the Transportation Department and is the United States' major maritime safety organization.

SPORTSMEN'S CORNER

middle of it. We fished just below him for two hours without getting a strike. Sherm had taken two rainbows on a Cowee Streamer earlier. Harley Shastany was below us with Joe Fedak. Harley took a brown practically at the feet of Joe with a copper lure. This was the only fish we saw caught til later in the day when Dick Marona and Gary Rosati joined us and each had two trout apiece.

The river was at a good level in the morning, but the weather was wet, cold and raw. It seeped into you and the shivering lasted til the car's heater drove it out.

Poor Rick must have casted over a thousand times Saturday and not one fish would cooperate and open up his mouth. Rick had a great many rooters during the course of the day but to no avail. On the way home, a very tired fisherman remarked, "I would have liked to catch a fish to bring home to my father, but I didn't, I did have a wonderful time uncle Bill and thank you very much for taking me." You can bet that Rick will be going on another excursion in the very near future.

After conversing with a conservation officer, we learned that very few of the nine thousand trout stocked the day before had been caught. This coming week should be a good bet.

The Sandisfield Rod and Gun Club will meet April 20th at the Agawam Sportsmen Club at 7:30 p.m. Soapy Balboni will make the final report on the stocking program of the club. Tony Dulski will report on the club's participation in the Mass. Sportsmen's Show. Barbara Mathews should have some interesting fish stories to tell.

VERMONT STARTED EARLY

The Vermont Fish and Game Department has had its stocking program in operation for more than two months. In fact, January 26 was the starting date this year.

BEAVER PONDS GOOD BET
Winter stocking of beaver ponds began three years ago in

northern Vermont with an idea conceived by members of the Derby Fish and Game Club and the local wardens in that area. The idea won department approval.

Beaver ponds, often cut off from normal spawning access by choked streams and ledge barriers, began receiving fingerling squaretails. Since then, the effort has been expanded considerably and now the whole state benefits from this unique system of stocking trout. Wardens, helped by local volunteers, transport milk cans full of fingerling trout to remote areas via department and privately owned snow mobiles. Upon arrival at a chosen site, a hole is chopped through the ice and the live cargo is poured into its new home, often virgin waters.

To date, more than a half million fingerling trout have been stocked through the ice this year. Some 400,000 brook trout have been placed in beaver flowages throughout the state and 76,000 brown trout have been placed in waters suitable for this species.

This effort is all part of a long range program to make Vermont's fine recreational fishing potential even better in years to come.

NEW RECORD

A new bear kill record for New Hampshire has been established, with 293 bear taken during 1966. This is the highest kill recorded since reporting became compulsory in 1955. Two hundred and nine bear were killed during the Nov. 10-Dec. 4 state-wide deer season, of which 186 were taken by individuals mainly seeking deer. The fact that 91 were taken by hunters who were primarily seeking bear is indicative of the great popularity of this excellent game animal. It is interesting to note that 13 bear were taken before the deer season opened, by non-residents specifically seeking bear.

The annual bear kill report, giving a breakdown by town and county, is available upon request from the N. H. Fish & Game Dept.

PROMENADERS

By June and Elmer Roosa

Hi Squares . . .

We have many exciting doings "in the works," but we have been warned not to divulge any secrets, so far now we must be like the proverbial Sphinx. (Can't you just see us in that role!) All in good time the news will find its way to this column though, and then we will share it with you.

Last Saturday's dance at Granter School is one thing we can talk about. It was a "foot stomper" in more ways than one! Our friends the Stumblers, our guests from the Kacey Squares and we Promenaders had a fine time dancing to the calls of Bud Flebotte.

At one point Bud did have a bit of a problem though. One LARGE-FELLOW who loves to dance and also loves to "stomp" in time to the music, can cause the needle to jump all over the record from a distance of 20 feet away and that is just what was happening. We all had a good laugh over it and to tell the truth, we wouldn't want him any other way, would we, Jack? You do have a good time and so do we in your company.

One of our most enthusiastic dancers had to sit on the sidelines while his "taw" whirled about the floor with several eager "replacements." Poor Bob—it seems he dropped a piece of heavy metal on his toe...and fractured the thing! (the toe, of course). He sat there looking as though he'd just been told "there ain't no Santa Claus." A few of the men had suggestions as to how he might speed the "healing" process, but if he considers the source, he may decide to let nature take its course.

Refreshment time brought to light the talents of at least two more good cooks among us. Marcia and Beverly did a beautiful job on their "homemade" cakes. You don't eat better than that very often. If we can persuade them to part with their recipes, we will put them in this column next week or as soon as possible.

All in all—it was fun—and good to see our "buddies" again—and since that's why we dance—we'd call it a successful evening!

See you square dancing!

HOURS: 9-6 P.M. Daily — Friday 9-8 P.M.**Viva la crepe!**by **Betty Crocker**

And viva la versatility of the fancy French crepe! The thin little pancake that rolls, folds and converts with easy elegance to dessert or main dish. For a very posh dessert crepe, fill with sweetened whipped cream and sliced strawberries. For main-dish crepes, try chicken or tuna à la king filling. Both kinds of crepes can be made ahead and frozen between layers of waxed paper. Or prepare them just before serving and store in the folds of a towel. Then for a fascinating switch to the French original, be sure to try American born Crepe Suzettes: lacy little pancakes spooned with hot orange sauce in your chafing dish. There's real showmanship.

CREPE SUZETTES

Make French Crepes (below). Melt $\frac{1}{2}$ cup butter in chafing dish or skillet. Blend in 3 tablespoons sugar, 2 teaspoons grated orange peel and $\frac{1}{2}$ cup orange juice. Turn crepes, one at a time, in hot sauce; roll up. Place 3 or 4 rolled crepes on each dessert plate; spoon sauce over each serving. 6 servings.

French Crepes: Beat 1 egg, 1 cup milk, 2 tablespoons melted shortening or salad oil and 1 cup Bisquick with rotary beater until smooth. Lightly grease a 6-inch skillet. Spoon 2 tablespoons batter into hot skillet. Tilt to form a round pancake. Bake until bubbles appear and begin to break. Loosen edges and turn to brown other side. Makes about 20.

Crepe clues: Be sure the skillet is hot . . . if necessary, grease

skillet lightly between bittings . . . If batter thickens, add 1 or 2 tablespoons milk . . . For main-dish crepes, simply omit the 2 tablespoons melted shortening from the crepe recipe and bake as directed. And here's the filling.

Quick Chicken à la King

1 can (10 $\frac{1}{2}$ ounces) cream of mushroom soup
1 can (5 ounces) boned chicken
1 jar (2 ounces) pimiento, drained and cut up
 $\frac{1}{2}$ cup chopped celery

Heat soup. Stir in remaining ingredients. Heat thoroughly and season to taste. 4 servings. Remember, practice makes perfect. First lavish the family with crepes; next, dazzle your guests. And bon appetit!

LEGION AUXILIARY UNIT NEWS

by Gladys R. Catchespaugh

April is spring in most areas of the United States—and spring brings to mind little children, freed from the rigors of winter, jumping rope, playing sandlot baseball, all the pleasures that healthy young Americans enjoy. Yet we of the American Legion Auxiliary know that many children are not so fortunate—and it is to them we turn as we emphasize our Child Welfare program during the month of April. Walking side by side with The American Legion we re-dedicate ourselves to our pledge of "A Square Deal for Every Child."

To these future citizens of the United States we pledge our support and help that they may grow in health and strength, spiritually, physically and morally to assume their obligations in the years to come, accepting the heritage passed on to them by our founding fathers.

April is also the month in which we place special emphasis on broadening our horizons by reaching a friendly hand to foreign countries this year of 1967 a special "Mabuhay" to our new Department of the Philippines.

UNICO Donates Aid To Florence, Italy

John Beltrandi, Publicity Director of Agawam Chapter, Unico Club announced today that Unico president Gino Rossi has sent a check in the amount of \$520 to the city of Florence, Italy, to assist them with their rehabilitation program. Many art treasures were destroyed and many of the people of Florence lost their homes. The local club conducted an appeal through their membership of fifty men and put together the above amount of money to be forwarded to Florence.

President Gino Rossi today thanked St. Anthony's Society of 64 Springfield St., Feeding Hills, for a donation they made which was included in the above amount. "We are indeed delighted to have the opportunity of helping this worthy cause," Rossi said today, and I would like to take this opportunity of conveying my thanks to every member of Unico who joined together to make this check possible."

Medicare Registration**

The few Agawam residents 65 and over who have not yet signed up for hospital insurance under medicare fall into two general groups—those who do not understand that hospital insurance is available even to those who have never worked under social security and those who delay filing because they think they must wait until they retire.

Daniel J. Murphy, Jr., social security district manager in Springfield, reports that even though nearly everyone reaching 65 before 1968 can have hospital insurance, some people who have not worked long enough under social security to receive cash benefits, and others who are still working, have not come in because they do not realize that they are eligible.

Mr. Murphy emphasized that even people who may not even have a social security card and may never have worked under the program are eligible and should come in and sign up.

Starting in 1968 those reaching 65 who are not eligible for cash social security benefits will need

some credit for work under the law to qualify for hospital insurance. However, people born in 1902 or earlier do not require any coverage under social security to qualify for hospital insurance. If they haven't already applied, Mr. Murphy suggests they do so without delay.

Similarly, people who are covered by social security, but not eligible for cash benefits because they are still working, can have hospital protection as soon as they reach 65.

Mr. Murphy explained that Agawam residents who plan to continue working when they reach 65 should apply within the three months prior to the month in which they have their 65th birthday. By applying for social security, they will be covered by hospital insurance and can make their decision on voluntary medical insurance coverage. Later on, when they retire or have reduced earnings which will permit payment of benefits, monthly checks can be started without delay.

The Springfield social security office is located at 891 State St.
